CALLINEX MINES INC.

Notes to the condensed interim financial statements

For the three months ended December 31, 2014 and 2013

(Expressed in Canadian dollars)

1. Nature of operations and going concern

Callinex Mines Ltd. ("Callinex" or the "Company") was incorporated on April 21, 2011 under the British Columbia Business Corporations Act for the purpose of receiving certain cash, equipment, common shares, and exploration and evaluation assets from Callinan Royalties Corporation (formerly Callinan Mines Limited) ("Callinan") in exchange for common shares of the Company by way of a plan of arrangement as approved by the shareholders of Callinan on June 7, 2011. The effective date of the transaction with Callinan was July 13, 2011.

The Company's head office and registered and records office address is 1110 – 555 West Hastings Street, Vancouver, British Columbia, Canada V6B 4N4.

The recoverability of amounts shown for exploration and evaluation assets is dependent upon the discovery of economically recoverable reserves, the ability of the Company to obtain the necessary financing to complete exploration and development of its properties, confirmation of the Company's interest in the underlying permits and licenses, and future profitable production or proceeds from the disposition of the Company's properties. Although the Company has taken steps to verify title to resource properties in which it has an interest in accordance with industry standards for the current stage of exploration of such properties, these procedures do not guarantee the Company's title. Property title may be subject to unregistered prior agreements and non-compliance with regulatory requirements.

These condensed interim financial statements have been prepared assuming the Company will continue on a going-concern basis. The Company has incurred losses since inception and the ability of the Company to continue as a going-concern depends upon its ability to develop profitable operations and to raise adequate financing through the capital markets. These financial statements do not give effect to any adjustments that might be required should the Company be unable to continue as a going concern and therefore, be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts differing from those reflected in the condensed interim financial statements.

The current market conditions and volatility increases the uncertainty of the Company's ability to continue as a going concern given the need to raise additional funds. The Company is experiencing, and has experienced, negative operating cash flows. The Company will continue to search for new or alternate sources of financing but anticipates that the current market conditions may impact the ability to source such funds. These items cast a significant doubt upon the Company's ability to continue as a going concern.

2. Basis of presentation

These condensed interim financial statements for the three months ended December 31, 2014 have been prepared in accordance with IAS 34 Interim Financial Reporting. They do not include all disclosures that would otherwise be required in a complete set of financial statements and should be read in conjunction with the Company's September 30, 2014 annual financial statements which have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board ("IFRS"). These condensed interim financial statements have been prepared under the historical cost convention.

These financial statements were approved by the board of directors for use on February 24, 2015.

3. New and Future Accounting standards and pronouncements

a) New standards and amendments effective for the first time from October 1, 2014

The following revised standards and amendments became effective for the Company on October 1, 2014. The new and amended standards did not have a significant impact on the condensed interim financial statements. The following is a brief summary of the principal new standards adopted by the Company:

IAS 32 – Financial Instruments presentation

The Standard was amended to clarify requirements for offsetting financial assets and financial liabilities.

IAS 36 – Impairment of assets

The Standard was amended to address the disclosures required regarding the recoverable amount of impaired assets or cash generating units (CGUs) for periods in which an impairment loss has been recognized or reversed.

b) Accounting standards issued but not yet effective

At the date of approval of the condensed interim financial statements the following standards, which are applicable to the Company, were issued but not yet effective. The Company has not completed its assessment of the impact that the new and amended standard will have on its financial statements. The following is a brief summary of the principal new or amended standards:

IFRS 9 - Financial instruments

In July 2014, the IASB issued the final version of IFRS 9 – Financial Instruments – to replace IAS 39 – Financial Instruments: Recognition and Measurement. The standard is effective for annual periods beginning on or after January 1, 2018, with early adoption permitted.

IFRS 7 – Financial Instruments disclosures

The Standard was amended to require additional disclosures on transition from IAS 39 and IFRS 9, effective for annual periods beginning on or after January 1, 2015.

4. Critical accounting estimates and judgments

There have been no material revisions to the nature of judgments and amount of changes in estimates of amounts reported in the Company's September 30, 2014 annual financial statements.

Notes to the condensed interim financial statements

For the three months ended December 31, 2014 and 2013

(Expressed in Canadian dollars)

During the three months ended December 31, 2014, the Company has announced a fully-funded exploration program for 2015 including geophysics and a two-phase 4,000 meter drill program to be completed between the Pine Bay and Flin Flon Projects.

a) Flin Flon Claims

On May 22, 2012 the Company entered into an option agreement to acquire a 100% interest in the Flin Flon Area claims. The effective date of the agreement was August 1, 2012, the date of the TSX Venture Exchange acceptance. The agreement called for payments of \$250,000 and issuance of 250,000 shares over the following payment periods:

- \$25,000 and 25,000 shares on the effective date (paid and issued during fiscal year ended September 30, 2012)
- \$30,000 and 30,000 shares on or before 12 months from the effective date (paid and issued during year ended September 30, 2013. The shares issued were valued at \$7,500)
- \$45,000 and 45,000 shares on or before 24 months from the effective date (paid and issued during the year ended September 30, 2014. The shares issued were valued at \$9,900)
- \$150,000 and 150,000 shares on or before 36 months from the effective date.

The property is subject to a 2% Net Smelter Return Royalty of which the Company may purchase 1% for cash payment of \$1,000,000.

b) Pine Bay

Callinex owns a 100% interest, subject to a 1% NSR and a 5.12% Net Profits Interest. The project is located 16km east of Flin Flon, MB and covers approximately 4,500ha. The project hosts four past producing VMS mines and historic resources. A total of \$2,627,690 has been expended on this property up to December 31, 2014.

c) Gossan/Rug Claims

The Company has acquired a 100% interest in the Gossan property and Rug claims through option agreements. During the year ended September 30, 2013 the Company issued 430,000 common shares valued at \$47,300 as an option payment for the Rug Claims.

d) Other

The Company has an interest in other properties. The properties are in good standing and do not require any further commitments. These include the Sneath Lake property, Coles Creek property, Fox River property, Moak Lake property, Norris Lake property, the Herblet Lake property, the Island Lake property and the Pulver Lake property.
